

NYLTP - „Give one Year of your Life!“

1974

Youth and young adults from almost every population- and language-group throughout South Africa live as a commune in secure space, learn and practise together becoming „agents for change“ towards a diverse and „non-discriminatory“ society beyond apartheid.

Singing *“We shall overcome!”*, we went on *“We’ll walk hand in hand!”* and emphatically proclaiming *“... today!”* 😊 😊 😊
