

iHubo 121 _ [iHubo likaNtabayezulu](#)

Ngenyusa amehlo, ngisinga izintaba.

Usizo lwami luyovelaphi na?

Usizo lwami luvela kuSmakade;
yena owadala izulu, wadala umhlaba.

Akaluvumeli unyawo lwakho lushelele;

Umelusi wakho akalokothi ozele.

Phinde! Akozeli, akalali!

Nguyena melusi kalzrayeli lo!

Nguyena uSmakade okuhlengayo;

ungumthunzi, uyisiphephelo sakho nxazonke.

Ilanga alisoze lakuhangula emini,
nonyezi ebusuku awusoze wakushisa.

USmakade uyokuvikela kukho konke okubi;

Uyokulondolozela ukuphila kwakho.

USmakade uyokwálusa
lapho uphuma nalapho ungena
manje naphakade naphakade.

Ameni! | Makube njalo!
